HOPKINSVILLE, KENTUCKY, SATURDAY, AUGUST 20, 1910.

No. 100.

BURLEY POOL IS ALL SOLD

R. J. Reynolds & Co. Said to
Have Bought Nearly all
The Crop.

FOR TOBACCO TRUST.

Sale Said to Have Been Made
at Prices Demanded By
The Growers.

Lexington, Ky., Aug. 19.—It is stated unofficially, yet from very reliable sources, that a deal has been put through for practically the entire 1909 pool of Burley tobacco. It is reported that the sale has been made to R. J. Reynolds & Co., of North Carolina. This firm represents the trust.

The sale is understood to have been made at the growers' price at an average of eighteen cents a pound.

A grand total of 120,000,000 pounds of tobacco was offered to the buyers and the vast amount, sold at 18 cents a pound, means that an immense amount of money will be turned loose over in the Bluegrass.

FATALLY INJURED

Log Wagon Overturns on
John Austin.

Island Ky., Aug. 17.—While hauling logs to the Basin on Green river this morning, John Austin, a prominent and well to do farmer, and lumberman, was fatally injured when the log wagon on which he was riding overturned catching him beneath it.

OUTFLIES BIRDS.

Reaches Goal 6 Minutes and
20 Seconds Ahead.

Amiens, France, Aug. 18.—The first aerial race between the birds of nature and of man's production took place in the course of the great aerial cross-country competition, and was easily won by man. A flock of forty-seven carrier pigeons was released at Douai, at the same instant

Le Blanc in his Farman bi-plane started on his fifty mile flight to Amiens.

The bi plane soon outdistanced the birds, and when Le Blanc reached Amiens the flock was not yet in sight, the first pigeon arriving six minutes and twenty seconds later. Before the last of the flock had come in Legagneux, who started at the same time as Le Blanc, but consumed nine minutes more on the trip, arrived, beating the last pigeon by twelve minutes.

An aeroplane race between Paris and London started when Hubert Latham and Moissant left Issy, in the suburbs of Paris, and announced they intended flying to London, with stops. Latham ascended first and drove through the air at great speed, but motor trouble forced him to land in a field near La Faloise. He expects to resume his flight tomorrow. Moissant reached Amiens in two hours and stopped for the night.

TAYLOR INJURED

Former Governor of Kentucky
Hurt by Fall

William S. Taylor, former Governor of Kentucky, who is now practicing law in Indianapolis, was fatally hurt while attempting to lower a window in his office in the Law building in Indianapolis.

He had climbed to the top of his desk and was trying to move the upper sash, when he slipped and fell on his back. A physician was called and, after making a careful examination, said that no bones were broken. Mr. Taylor is resting easily and it is not believed he was seriously hurt.

Skull Crushed by Tree.

Cadiz, Ky., Aug. 17.—Felix Wallace son of Reuben Wallace, deceased, of the Trigg Furnace neighborhood, eight miles west of here, was killed while cutting timber. He had cut a tree and as it fell a limb flew back and hit young Wallace in the forehead, crushing his skull and killing him instantly. He was about twenty-one years of age.

Building Collapsed.

Fourteen men were killed and a score more injured at Messana, New York, in a cave-in of a concrete building under construction. The building was an addition to the power plant of the Aluminum company of America. It is reported that 50 may be dead.

A second hand Cyclone Clover Huller, in good condition. Cumb. phone 250-2. R. F. RIVES.

MUDDLE IN THE COLORED SCHOOL

White School Board Surrenders
The Control In
The City.

TALK GRADED SCHOOLS

Change Came About as a Result
of Legal Question
Raised.

A change has taken place in the management of the colored schools of the city, which had been controlled by the White School Board, by request, for the last two years.

No provision was made for the management of the colored schools by the new law, which did not include the city of Hopkinsville, and the trustees under the old law, when they retired from office, turned the schools over to the white board, Prof. Barksdale Hamlett acting as superintendent, and the former colored teachers being retained.

The State revenues of \$5,600 were handled by the white board and about \$4,950 of the money paid to the colored teachers. The white board also set aside \$1,500 of its own funds to help the colored schools as had been done by agreement for many years.

Recently Miss Jennie West, county superintendent, obtained an opinion from State Superintendent Regenstein that all of the State funds should have been paid to teachers. Miss West made a formal demand that \$646 26, the amount not paid teachers last year, be turned over to her, and this has been done and the white board has surrendered the control of the colored schools.

It is not clear what will be done next. The schools will, it is said, revert to the control of the old law, and Miss West will have to appoint trustees to serve. In the meantime, colored people themselves are much upset by the change and may ask the council to order a graded school election for them as soon as possible and take charge of their school under a special law, and then make some joint arrangement with the white board again.

Under the plan abandoned, they had a superintendent without cost

and a donation of \$1500 and saved \$646, which was paid for incidental expenses. The colored people were not required to pay any local school taxes and the city recently purchased a \$700 lot to be used in erecting a high school building for their school.

Evading Free Lunch Law.

Under a verdict rendered by a Cleveland jury the free-lunch brigade of Ohio may still get food in barrooms for next to nothing. The jury held that by giving ten tickets for a penny the act making it unlawful to give away food in barrooms was satisfied.

Two Bite the Dirt.

Hot Springs, Ark., Aug. 17.—In a desperate street battle between two alleged horse thieves and several Sheriff's officers here today, George Chitwood, one of the horse thieves, was instantly killed by a Deputy Sheriff, and Sheriff Jake Houpt was probably fatally wounded.

IN CLUTCHES OF LAW

Plans to Build Town Have
Been Stopped.

Evansville, Ind., Aug. 17.—Buildings designed as the center of a "model city," where there was to be "neither poverty nor graft," prompted by J. A. Brown, on the Kentucky side of the Ohio river, opposite Evansville, were attached in court here today by Brown's creditors to secure alleged claims amounting to \$50,000.

It was stated in court that the sale of town lots had not prospered because of a rumor that a large gambling concession had been sold in the "Model City."

Brown has been absent several days. When he left he said he was going to Cincinnati to buy a sand dredger. Work on an ornate "Administration" building and two dozen other structures has been suspended.

Brown announced that J. A. Crawford and John Carroll, of Terre Haute, were associated with him in the Model City plan, and that they were backed financially by Mrs. Kate Hawley, a wealthy woman of New York City.

See J. H. Dagg for contracting, building and general repair work of all kinds. Phone 476.

INSURGENTS WIN BIG VICTORY

Sweep California By 20,000
Majority In Primary
Election.

ALSO WIN IN NEBRASKA.

Dahlman, Democrat, Defeats
Shallenberger For
Renomination.

San Francisco, Aug. 19.—Waging bitter war on the corporation and the boss in politics, Hiram Johnson, the "insurgent" candidate for Governor, swept the State at Tuesday's primaries, winning by nearly 20,000 plurality. He carried to victory with him, on the crest of the great wave of revolt against the Republican machine, practically all the officers on the "insurgent" ticket, while two of the "insurgent" candidates for Congress have actually won, and one district is in doubt. In the Second congressional district William Kent, formerly of Chicago, has beaten Congressman McKinley by about 1,000. In the Seventh district Congressman McLachlin, "the stand-patter," was decisively beaten by W. D. Stephens, formerly reform Mayor of Los Angeles, who made his campaign under a pledge not to vote for Cannon for Speaker.

SAME IN NEBRASKA.

Omaha, Neb., Aug. 19.—Returns from the State wide primaries held Tuesday are slow. Late tonight from 829, less than one half of the voting precincts, had been received. The big fight throughout the State seems to have centered on the Governor and at this time it looks as if Aldrich, "insurgent" Republican, is going to win over Cady, regular. Dahlman, of Omaha, apparently has won a decisive victory over Shallenberger, on the Democratic ticket.

Burkett, "standpat" Republican, for the United States Senate, and a candidate for re election, is running

ahead of either of the Republicans for Governor. On the Democratic ticket, in the Senatorial contest, Hitchcock, high-license candidate, has run right along with Dahlman, his vote in the 829 precincts being 14,362.

In the Second Congressional district the "insurgent" Republicans have nominated Judge Sutton over Charles L. Saunders, "regular."

Two Elopements.

Cleve Rhodes and Miss Florence Berry, and Bernice D. Davis and Miss Blanch Baldwin, all of Owensboro, eloped to Evansville Wednesday and the first couple were married by Esq. Poole and the second were married by Rev. E. G. S. Burdett.

Family Horses.

Some nice family horses for sale. Are gentle and well broken; not afraid of automobiles. Aug. 15, 1910. C. H. LAYNE.

BIDS FOR CONVICTS.

Labor Contract For Prisoners
at Frankfort To Be Let.

Frankfort, Ky., Aug. 18.—At a meeting of the Prison Commission to be held here Monday the bids for the work of 400 convicts in the Frankfort penitentiary will be gone over finally and the contract may be awarded at that time. The bids were put in several ways and each bidder had several propositions so that it was a difficult matter to understand, without study, how much each bidder had actually bid. The bids as figured up are:

A. D. Martin, seventy cents for 250 men and sixty-five cents for 150 men, making seventy-one and one-quarter cents for the 400 men.

Reliance Manufacturing Company, of Chicago, sixty-seven and one-half cents for 400 men.

Kuhn Pants Company, fifty-seven and one-half cents for 150 men.

Hoge-Montgomery Company, of Frankfort, fifty cents for 400 men.

Balloonist Killed.

Capt. Jack Cassell, an aeronaut of Louisville, was fatally injured at Mt. Vernon, Ind., Thursday. The balloon in which he was making an ascension exploded when he was about 200 feet in the air.

NOW IS THE TIME TO BUY THAT BUGGY THAT YOU WERE GOING TO BUY.

We are offering you the very latest styles in new buggies, surreys, phaetons and runabouts at prices that you will think very reasonable. We are going to give the best values ever offered by anyone in the city. Better come and look them over at once. Here are a few prices:
